***IMPORTANT: READ ENTIRE INSTRUCTION BEFORE ASSEMBLY***

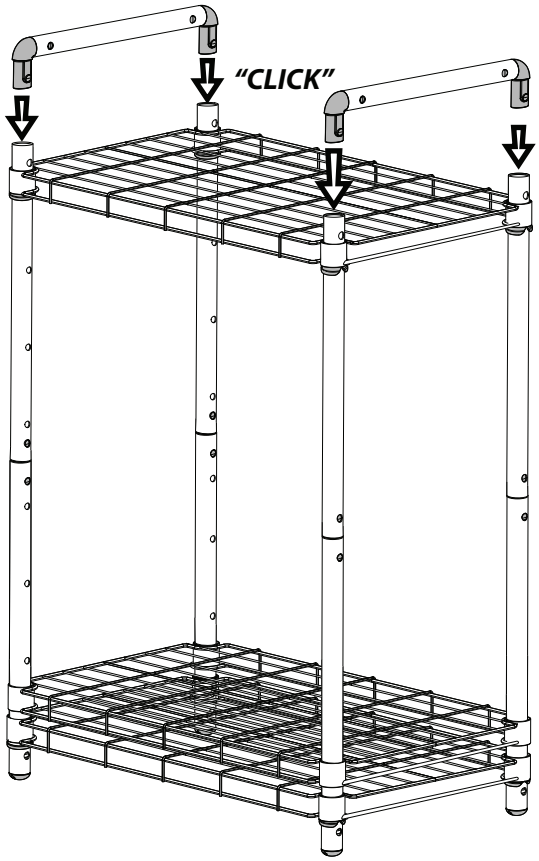
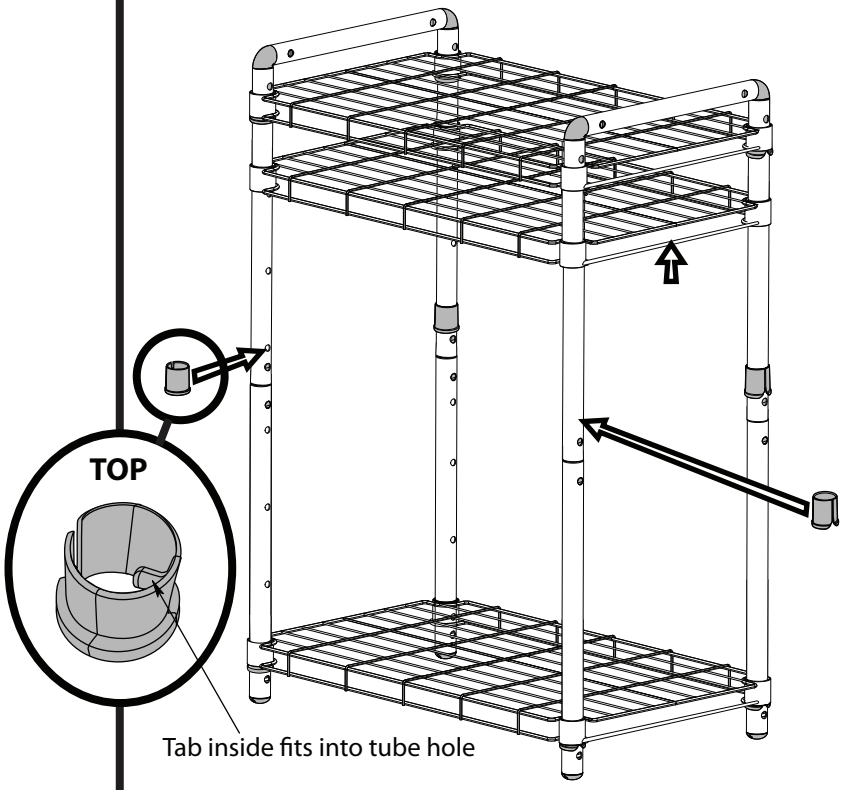
Connect the two top tubes to the 4 extension tubes.

**5**



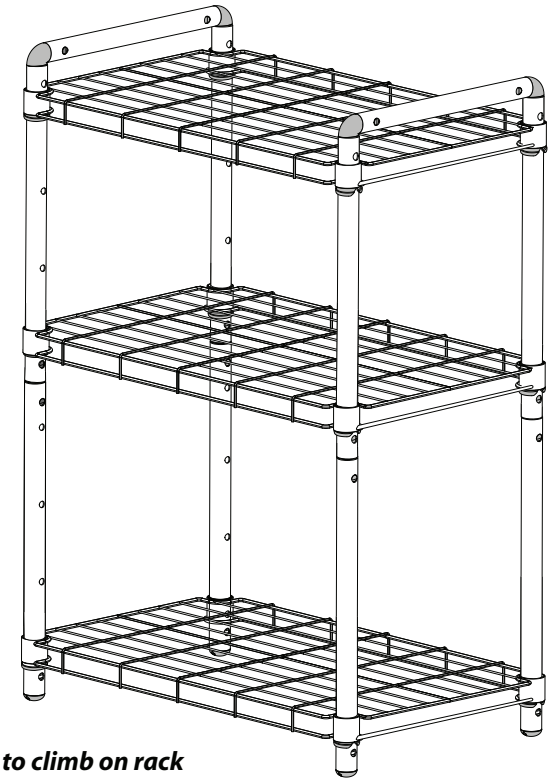
Determine the desired height of the middle shelf and then slide shelf above the selected holes. Attach the four plastic collars at the desired height.

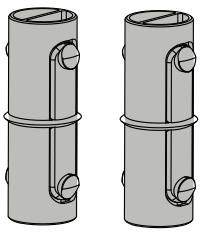
**6**



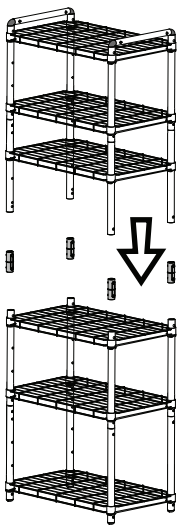
Press the corners of middle shelf onto the 4 plastic collars. Seat all corners of each shelf onto its plastic collar to keep unit rigid.

**7**





**INCLUDED:**
**2 spare Joiners allow for stacking extra racks.**



***Maximum load per shelf (spread evenly): 160lbs (75kgs)***

***SAFTEY WARNING: Do not use as a step ladder. Never allow children to climb on rack***
